

**Sopilko Iryna Mykolaivna,**  
**Law Faculty of the National Aviation University**  
**Kyiv, Kosmonavta Komarova ave., 1,**  
**03058, Ukraine**

Dear Mrs. Sopilko,

We express our sincere respect and gratitude for cooperation in the educational and scientific fields.

For 20 years your faculty has passed a glorious way. Starting your history 20 years ago, you have preserved the best traditions of legal education. Despite the difficult times in the country, the reform of education and science of Ukraine, the Faculty of Law confidently declares itself as an important educational and research center.

The scientific and pedagogical staff of the faculty with their active participation in the educational and scientific process make a significant contribution to the development of a legal, democratic state. High awards, which are awarded to employees of your team - evidence of state and public recognition of the merits of higher education.

It is nice to realize that the faculty celebrates the day of its 20th anniversary with dignity, demonstrating compliance not only with the requirements of today, but also with creative and professional potential, good results for future endeavors and fruitful successes.

We are confident that our cooperation shall bring significant results in the development of science. We hope for further cooperation.

Sincerely yours,  
**Yeskov Serge,**  
D.Sc., president,
